ABOUT US

We strive for perfection. **Sailo** is the worlds first land yacht for leasure purposes, which uses a **rigid sail**. This is more aerodynamical and allows to move faster than with a traditional soft sail. With our automatic sail adjusting system the only thing you have to do is **Just Drive!**

SAILORSHIP

FEEL THE SPEEEED!

Rigid sails give the driver a chance to go up to ten times the speed of the wind. Discover Sailo and be faster than the wind itself.

FOR BEGINNERS AND EXPERTS

Sailo is a perfect choice for a person, who wants to take up land sailing. You don't have to worry about adjusting the sail, our system does it for you! If you are more experienced - discover new challenges. You can override the automatics any time and take control!

THE MOST FUN YOU WILL EVER HAVE!

Sailo is a perfect way to spend a fun day at the beach, in a desert or any plain field with wind!

Go down to www.sailo.com to get your Sailo now!
